## ***Exodus House Application***

Please read carefully and send General information page, Authorization to Release Information, and current CRC card to the address on the front page of the application. Please be sure to send three items back to us. God Bless!

Exodus House is a faith based ministry sponsored by the United Methodist Church for men and women being released from prison. We provide rent free housing for six months and a supportive, spiritual community. Due to the size of the apartments, we are not able to accommodate residents with children. However, we will consider weekend visits and other arrangements with children on an individual basis.

Our residents must agree to abide by all Exodus House rules and guidelines. We have zero tolerance for drugs, alcohol, negativity, or anything illegal. There is a 10pm curfew (midnight on weekends), random drug test, chores, and mandatory employment. We require counseling and recovery meetings when applicable. No visitors are allowed in the resident's apartment without consent of staff.

Each resident must pay utilities and save \$400 each month. Each apartment is furnished and if the resident successfully completes the program, he or she can keep the furniture (does not include major appliances). Each week the resident must attend Redemption Church twice and community meeting once. They must attend the church which sponsors their apartment once a month as well. We are a program; not simply a place to live. We expect that our residents desire to change their life and behavior.

***Due to our location we are not able to accommodate sex offenders. Violent offenses will be considered on an individual basis.***

## **EXODUS HOUSE / TULSA PROGRAM COMPLETETION REQUIRMENTS**

- 1) Residents will obtain a job as soon as possible and then seek more permanent employment at a living wage.
- 2) Residents will have attended 90% of all Redemption Church and Exodus House programs.
- 3) Residents will follow all Exodus House Guidelines and will abstain from the use of drugs and alcohol.
- 4) All community hours will be completed and documented, 8 per month. Exodus House chores will be completed on a weekly basis. Please note that community service and Exodus House chores are not the same thing.
- 5) Residents are required to attend sponsor church once a month, additional attendance is encouraged.
- 6) Residents are required to save \$400 per month. They are also required to pay utilities. Savings and utilities can be caught up once employment is obtained.
- 7) Counseling is required as suggested by Exodus House staff, 6 sessions will be paid for by Exodus House. If staff or counselor recommends continued counseling residents will pay the reduced fee of \$25 per session.
- 8) More than 3 infraction reports will be grounds for termination from program.
- 9) Residents will attend recovery programs dealing with their issues on at least a weekly basis.

Not every action that a resident is held accountable for is in writing due to the impossibility of putting every possible situation in writing. Therefore it is the responsibility of the resident to ask first before engaging in questionable activity. Therefore, excuses such as "I didn't know" will not be tolerated.
